ACCESSIBILITY STANDARDS POLICY

September 2022

Introduction/Purpose

The Integrated Accessibility Standards under the Accessibility for Ontarians with Disabilities Act, 2005 requires organizations to create written accessibility policies and make them publicly available. Accessibility policies are the formal rules an organization puts in place to achieve its accessibility goals.

Applicability and Scope

Policy documents are applicable to all full and part-time employees including individuals on a contract or temporary basis, while working for or on behalf, of CIBC Mellon Global Securities Services Company (“GSS”) and/or CIBC Mellon Trust Company (“CMT”), (collectively referred to as “CIBC Mellon” or “the Company”).

Policy Details/Discussion

1. Statement of Organizational Commitment

CIBC Mellon is committed to ensuring equal access and participation for people with disabilities. We are committed to treating people with disabilities in a way that allows them to maintain their dignity and independence. We believe in integration and we are committed to meeting the needs of people with disabilities in a timely manner.

CIBC Mellon will undertake reasonable efforts, to facilitate and implement accessible solutions where required. Solutions may include temporary or permanent measures to remove barriers which may prevent an individual from accessing information about CIBC Mellon, receiving services provided by CIBC Mellon or fulfilling the essential duties of a job within our workplaces.

As each situation is unique, the measures taken by CIBC Mellon may need to be customized to ensure an individual is reasonably accommodated. In these instances, CIBC Mellon will work with the individual requesting accommodation to identify and fulfill an appropriate solution.

2. Reporting Requirements

CIBC Mellon is required to file an accessibility compliance report on a 3 year cycle.

3. Accessibility Policies and a Multi-Year Plan

In accordance with the nature of their business roles, functions and responsibilities, Corporate Compliance, Corporate Communications, Human Resources and other impacted stakeholders are required to maintain current and detailed written departmental policies and procedures, to address and support the core components of this policy.

A public multi-year accessibility plan must be prepared in accordance with the Accessibility for Ontarians with Disabilities Act, 2005 (the “AODA”) and its associated regulations. This plan must outline the actions CIBC Mellon will take to remove accessibility barriers and meet Ontario accessibility laws. The plan should be publicly accessible and must be made available in accessible formats, upon request. At minimum, the plan should be revisited on a 5 year cycle in accordance with regulatory guidance.
